

MINOR OR DEPENDENT ADULT STUDENTS AND PARENT OR GUARDIAN
COMMITMENT AGREEMENT

1. I understand that the minor or dependent adult student that I am responsible for wishes to enroll in Adult Education classes.
2. I understand that the student must enroll for the purpose of earning a GED Diploma, preparing to get or keep a job, or to prepare for postsecondary education or training.
3. I understand that in order to accomplish one of these goals, the student must be willing to attend at least 75% of all assigned class hours, to work only on assigned tasks while in class and to obey all class rules and regulations.
4. I understand that the student may not enroll in class for the sole purpose of retaining their driver's license, meeting a requirement of the legal justice system or to meet the expectations of others.
5. Enrolling in class for the wrong reason is a waste of both the student's time and ours. Such students often misbehave or fail to complete assignments resulting in their dismissal from class. After dismissal, the student will lose their driver's license again and otherwise be right back in the same circumstances they were before. If the student is not fully committed to accomplishing one of the four goals of the Adult Education program, they should not enroll.
6. If the student enrolls, I hereby agree to be available to meet with the teacher to discuss the student's progress, at the teacher's request. I agree to periodically visit the class to see how the student is doing. I also agree to communicate regularly with the teacher by phone or e-mail.
7. If the teacher must dismiss the student from the class, I agree to abide by the teacher's decision and support his/her actions.
